

Froggers Advent Long Boot (Waterproof)

Brand: Froggers • Category: Apparel & Field Gear

Overview

A lot of gold sits in and along creeks, so a lot of detecting happens in wet ground. These are fully waterproof, neoprene-lined rubber boots with a tall 14-inch shaft — Froggers make them as a comfortable, hard-wearing step up from a plain gumboot. Warm, grippy underfoot, and easy to hose clean at the end of the day. Sized AU 6–14.

Key features

- ✓ Fully waterproof for creek and wet-ground detecting
- ✓ Neoprene-lined for comfort and warmth
- ✓ 14" tall shaft keeps water out in the shallows
- ✓ A step up from a plain gumboot; sizes AU 6–14
